RE: Addendum #2 for ITB-09-0-2018 Hurricane Mitigation Grant Program (HMGP)

This addendum is being issued to provide all prospective proposers with answers to questions and clarifications of the bid document and project:

- 1. Is the building going to be occupied during this period? The scope of work states 2x10 beams are to be installed next to existing 3x8 beams and ceiling removal would be required for this.**

Yes, the building will be occupied.

- 2. Are the soffits being replaced?**

Please refer to Section 3 – Scope of work/specifications – Page 14

- 3. Is the entire roof in that section to be replaced? The scope of work states roof to be replaced in spots.**

Please refer to Section 3 – Scope of work/specifications – Page 14

- 4. The bid document references a “bid worksheet” for project cost listings but one is not attached to the bid. May we use our own?**

Yes, a Bid Worksheet may be submitted in any format as long as the bid specifications are adhered to.

In all other respects, except as specifically stated herein, the subject ITB remains unchanged.

END OF ADDENDUM #2
